CLIENT
Bunker Hill
Community College

FABRICATOR
Coleman Sign Company

Bunker Hill Community College is a multi-campus urban institution with over 8,000 students. The main campus is situated in the historic Charlestown neighborhood of Boston. A recently appointed new president sought to revitalize the image of the college and upgrade the exterior signage.

Four exterior illuminated building signs were added to the 42 acre Charlestown campus along with a programmable message board, creating a modern and highly visible identity for the college.
